We offer below some of the best residential property in the city at exceedingly low prices and on easy terms.

COTTAGE.—Eight-room-cottage on French street with very large lot. The house is very well arranged and convenient to do work in. Considering the location and neighbors, this is an ideal place for a home. The price is \$3,000.00, with \$300 to \$500 down, balance as rent. This place will be on the market only a short time.

HOUSE.—Here is a modern and up-to-date house on East Street, just off Currier Park. Contains nine rooms. You all know how desirable the location is around the Park and that it is very seldom that a residence is for sale in that vicinity, so do not wait until someone else buys this place and then forever kick yourself for being slow. The price is low.

HOUSE.—We offer you a two-tenement house directly on the Park. This at a bargain. Easy terms.

HOUSE AND COTTAGE.—An investment on Blackwell Street is a two-tenement house, five rooms down stairs and four rooms up stairs. Rents for \$10.00 and \$6.00. Price \$1,800.00. Lot is 120 by 80 feet. Also a single cottage adjoining, with large lot 140 by 80 feet. Price only \$1,350.00. These are near the stonemasons and will always be rented.

FARM.—Come in and let us tell you about a farm in Waterbury, with stock and tools, that we will exchange for renting property in the City or at South Barre.

AT SOUTH BARRE.

HOUSE.—A seven-room house in good repair. New barn, clapboarded, painted and sheathed inside. Has a cupola and basement. Two hen-houses. One acre of land. Adjoining is 33 acres of land. Will sell separate or together.

A kitten with rabbit's feet and eyes is a curiosity exhibited by Mrs. Eliza Perry, of Bristol. The kitten was a three-colored one, white, black and yellow. When alive the kitten walked, or hopped, like a rabbit.

Maj. Charles J. Bailey, U. S. A., who while captain just previous to the war with Spain was instructor in military science and tactics at the University of Vermont, Burlington, is now in command of the artillery district of New Orleans.

The pay roll of the Vermont Marble Co., Proctor, for the month of May was larger than at any previous time in the history of the company. Nearly \$104,000 were required to pay off the 2,600 employees of the company at all the divisions in Vermont.

Since a year ago the present month it is a matter of record at Island Pond that there has been a snow fall every month from and including last September, leaving only two months in the year without snow. There was a flurry of snow there June 8.

Miss Sarah Orvis, of Manchester, recently exhibited a peculiar specimen of an egg from her homery. It measured six and one-half inches in circumference the short way around and upon being opened had a fully developed egg with a hard shell and an extra yolk.

Merritt B. Morgan, of Bennington, will sail in about two weeks for a European trip, to be absent about three months. While abroad he will attend as the delegate from the Vermont Grand Lodge of Good Templars, the international convention at Belfast, Ireland, August 1.

The little daughter of Frank Ingalls, of Sheffield, met with a very serious accident recently. While playing in a barn she saw a woodrack turned up and it is thought undertook to climb it. Whether this was the case or not, in some way the rack fell, crushing the child beneath the rack, striking mostly on her head. She was seriously injured but it is hoped not fatally.

Fresh evidence of the unusual severity of the past winter is almost daily appearing. At the home of Dr. D. B. Freeman in Bethel a water supply that had not been known to fail for about fifty years froze up last winter. Early this month efforts were made to start the water running again, but without success at first, and upon digging down to the pipe the ground was found still frozen solid at a depth of six feet. This was June 5.

Freel G. Edson, a painter, met with a serious accident Thursday morning. He was painting on the roof of Mrs. O. Day's house in Bellows Falls when in some way he stepped backward on a freshly-painted portion and slipped off backward, a distance of about thirty feet. Both wrists were dislocated, his right arm was broken at the elbow, his right hip badly bruised and his head cut open near the right temple, necessitating several stitches, beside being badly shaken up. He was taken to his mother's home in North Westminster.

Herbert Edgar Eugene Donahoe, who was accidentally shot while hunting a year ago last November, died at the home of his mother, Mrs. Amelia E. Donahoe in St. Johnsbury, June 14. He never fully recovered from his accident, but about a year ago was sufficiently recovered to work for a few months. Mr. Donahoe was born in St. Johnsbury twenty years ago and received his education in the public schools, where he developed a natural talent for drawing, and during his school days and since he had shown considerable artistic ability.

The class of 1905 of the Burlington high school, the 76th since the founding of the school in 1829, will send out from the institution 85 boys and girls. The class is the largest in the history of the school and, both in its work in studies and the enthusiasm which its members have shown in the athletic and social life of the four years' course, the class ranks high among the best classes of the past. Forty-seven of the 85 members will be graduated from the Latin-Scientific course of study, 20 from the classical course and 18 from the English course, while 26 have been taking the studies in the teachers' course.

HAIR NATURALLY ABUNDANT.

When It Is Free of Dandruff, It Grows Luxuriantly.

Hair preparations and dandruff cures, as a rule, are sticky or irritating affairs that do no earthly good. Hair, when not diseased, grows naturally, luxuriantly. Dandruff is the cause of nine-tenths of all hair trouble, and dandruff is caused by a germ. The only way to cure dandruff is to kill the germ; and, so far, the only hair preparation that will positively destroy the germ is Newbro's Herpicide, absolutely harmless, free from grease, sediment, dye matter or dangerous drugs. It allays itching instantly; makes hair glossy and soft as silk. "Destroy the cause, you remove the effect." Sold by leading druggists. Send for sample to The Herpicide Co., Detroit, Mich.

consume the remainder of the week. J. P. Lamson appears for the plaintiff and R. M. Harvey and May and Simonds for the defendant. This is probably the last civil jury case.

Burlington, June 21.—Troop C, Fifth Cavalry, and a detail of the Twenty-third Battery left Fort Ethan Allen yesterday for Westfield, Mass., where they are to participate in the mobilization of the Bay State troops.

LOG RAFT TO CROSS OCEAN.

Biggest Boom Ever Built to Be Towed Over to Shanghai.

San Francisco, June 21.—A log raft containing 10,000,000 feet of spars and piling is to be towed across the Pacific to Shanghai during the summer.

This is the gigantic plan of a new company just organized under the laws of British Columbia, and which is to be a branch of a raft company of this city. The latter concern is said to have been very successful in rafting lumber from northern points to San Francisco. Except for an accident to the first one or two, which broke loose, all the huge booms have been brought safely to port. But they are, nevertheless, looked upon with considerable fear by seafaring men and shipowners, who regard them as positive menaces which should be prohibited from the seas.

The new boom, which will be the largest ever constructed, will be towed by one or more of the most powerful tug-boats of San Francisco, accompanied by a collier or oil steamship with fuel for the tugs.

Dying of Famine

is, in its torments, like dying of consumption. The progress of consumption, from the beginning to the very end, is a long torture both to victim and friends. "When I had consumption in its first stage," writes Wm. Prompt relief and sure cure for coughs, colds, sore throat, bronchitis, etc. Positively prevents pneumonia. Guaranteed at the Red Cross Pharmacy, and Parlor Drug Store. Prices, 50c and \$1.00 per bottle. Trial bottle free.
